

# PLEDGE FORM

## WOULD YOU LIKE TO MAKE A PLEDGE?

At Lesedi La Batho, we believe that those who make the generous choice to donate, should have the choice in its use. We strive to be transparent, ethical and fair in all that we do, especially with our finances, so that our highly valued donors can contribute with guarantee that their funding will go to supporting the cause they so wish it to.

Help us build toward a hope-filled future.

The categories listed below highlight the areas of our organisation that most desperately need funding.

### Outreach projects

We offer social relief to the poorest of poor families in Mabopane, in the form of food, clothing and housing. Just R500/US\$40 can feed a family of four one meal a day for one month.

### Operational Costs

None of our projects have life without realistic expenses such as transport, facilitator's fees, electricity, water, stationery & administration. We call this category "switching on the lights" – while it is the least popular category to support, it is one of the most crucial for our holistic ongoing operation.

### Education

Our social auxiliary workers have direct access to community schools' class-time, in which they implement our pro-active preventative program, which uses varying tools and activities to educate the youth on crucial topics, equipping them to avoid likely problems they may encounter due to their circumstances.

### Skills & Employment

We provide a free skills training centre to educate unemployed community members and our teenage mothers in courses such as Computer Skills, Sewing and Beading, Entrepreneurship, Childcare and Baby Health and Merchandising. Since 2011, we've placed more than 460 beneficiaries in jobs!

### Early Learning Centre

Ratanang Day Care Centre. We run a free day care centre service for teenage mothers and other community moms in need, so that they may continue their schooling or get a job, while leaving their child in the extremely capable hands of our trained teachers and receiving three nutritional meals a day.
